

Air purifier with Hepa1 technology and ioniser - 1850

Description:

<p> </p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">The Air Purifier and Ionizer with HEPA filter 1 eliminates fine dustPM10/PM2,5 viruses, bacteria, pollen, mites and mould from the environment.</p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">The air we normally breathe in urban centres is not often full of fine dust that is harmful to everyone's health but especially to children, pregnant mothers and elderly people.</p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">The air we breathe at home is obviously not immune from external smog and we must also consider other allergenic substances such as detergents used for cleaning, cigarette smoke, solvents that exhale furniture, electromagnetic devices, carbon monoxide that develops during cooking, the presence of animals ... all elements that load the air with substances really polluting.</p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">The Nuvita air purifier and ionizer allows you to significantly improve the environment in which the child lives and rests, and the whole family.</p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">Thanks to its plasma generator and the double filtering system Hepa 1 (Hepa + activated carbon) ensures a level of air purity up to 99.97% by effectively eliminating particulate matter (PM10/PM2.5), viruses, bacteria, allergens, pollen, dust mites and mold.</p>

<p class="sub-heading1-2" data-mce-fragment="1" bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">

bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">- It also eliminates smoke and cooking smells.</p>

<p class="sub-heading1-2" data-mce-fragment="1"

bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">- Thanks to the 2 day and night modes and its low power consumption you can use it throughout the day.</p>

<p class="sub-heading1-2" data-mce-fragment="1"

bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">- The extremely quiet night mode allows you to maintain a constant excellent air quality in your bedroom without disturbing your sleep.</p>

<p class="sub-heading1-2" data-mce-fragment="1"

bind="2fde0ab6-493e-4822-2058-cafe7899b6e1">- Particularly suitable for seasonal allergy sufferers, it eliminates pollen while aiding breathing. Being lightweight and portable it is convenient to carry from room to room.</p>
